

Support America's Armed Forces™

To whom it may concern;

Liza Brown
SAAF Vocalist & Performer

Liza volunteered her musical talent and abilities during several Support America's Armed Forces program events and other invited military events around the Puget Sound. I recommend her without qualification for your consideration and employment opportunities.

While performing each event Liza is able to at a moments notice begin her musical performance, without any musical backup vocals or instruments. She is an effective communicator, often required to be proactive in introducing herself to military and civilian attendees. Her engaging personality, creativity, resourcefulness, and ability to see a event through really made our events distinctive and successful.

Liza's sensitivity, diligence, energy and great sense of humor makes working with her a joy. I highly recommend her as a welcome addition to any future employment opportunities.

Sincerely,

Vicky Mohler

SAAF President
